Health Nugget

Warm hands warm heart??

The limbs and feet have large arteries, to receive a large amount of blood, that warmth, nutrition, elasticity, and strength may be imparted to them. But when the blood is chilled from these extremities, their blood-vessels contract... and when the blood has performed its circuit through the body, and returned to the heart, it is not the same vigorous, warm current which left it. The blood which is chilled away from the extremities, is thrown back upon the lungs and brain, and inflammation and congestion of the lungs or the brain is the result. HL 178.5; HL 179.1

Proverbs 14:30 A sound heart is the life of the flesh.

RESPONSES

The Lord is in His Holy Temple

The Lord is in His holy temple, the Lord is in His holy temple,
Let all the earth keep silence, let all the earth keep silence before Him.
Keep silence, keep silence before Him. Amen.

We Have Come into This House

We have come into His house and gathered in His name to worship Him.
We have come into His house and gathered in His name to worship Him.
We have come into His house and gathered in His name to worship
Christ the Lord. Worship Him, Christ the Lord.

Now Dear Lord, As We Pray

Now, Dear Lord, as we pray take our hearts and minds far away from
the press of the world all around to Your throne where grace does
abound. May our lives be transformed by Your love, may our souls be
refreshed from above. At this moment, let people everywhere join us
now as we come to You in prayer.
